

Important Update: Access to Care via Teledentistry

UnitedHealthcare Dental continues to monitor all Federal and state COVID-19 guidelines and recommendations related to patient safety, access to care, and our provider network. We are pleased to announce that we are immediately expanding access to care through provider consultations via teledentistry to continue to help accommodate our Medicare Advantage, Medicaid, Individual and Group Market fully insured health plans.

UnitedHealthcare Dental will waive frequency limits and any benefit provided for the below services will NOT count towards the patient's annual maximum benefit, if any, for dates of service prior to September 30, 2020 when submitted in accordance with applicable Federal and state regulations. UnitedHealthcare Dental will continue to evaluate and update this guidance as appropriate.

UnitedHealthcare Dental recognizes teledentistry as a flexible and cost-effective modality for members to access oral health services and for providers to continue caring for their patients. To enable our members' access to their dentist, providers may use the following teledentistry codes respective to their patient's dental plan:

UHC Commercial Dental Plans

CODE	DESCRIPTION
D0140	Limited oral evaluation – problem focused
D0145	Oral evaluation for a patient under three years of age and counseling with primary caregiver

FREQUENTLY ASKED QUESTIONS

The following frequently asked questions are intended to provide general guidance and are subject to the state-specific guidance above.

1. When can I start providing teledentistry services to UnitedHealthcare Dental patients?

UnitedHealthcare Dental will accept PTEs and claims for D0140, D0145, D0170, D0171, D0191, D9310 and D9992 services with teledentistry codes (D9995, D9996) starting Monday, March 30, 2020, per state guidelines listed above. Availability for reimbursement is dependent on plan coverage.

2. Can I use my smart-phone or a video conferencing service such as Skype?

Telephones that have audio and video capabilities are appropriate for such evaluations.

Providers should notify patients that these third-party applications may not be HIPAA secure or adhere to other potential state privacy law protections, and providers should enable all available encryption and privacy modes when using such applications.

3. Would the plans you administer include as a covered benefit teledentistry consultations for limited and problem-focused evaluations (D0140, D0145, D0170, D0171, D0191, D9310, and D9992)?

Yes. Per each plan's guidelines listed above, UnitedHealthcare Dental will allow benefits for limited and problem-focused evaluations (D0140, D0145, D0170, D0171, D0191, D9310, and D9992), within plan coverage criteria, when accompanied by teledentistry codes D9995 or D9996 for all patients with UnitedHealthcare Dental coverage.

4. Would the plans you administer provide additional payment for teledentistry codes (D9995 or D9996)?

No. D9995 and D9996 are required as descriptor codes to identify services provided via teledentistry (D0140, D0145, D0170, D0171, D0191, D9310 and D9992), and will not be paid as an additional benefit. See exception for UHC Medicaid Plan – Missouri.

5. Will frequency limits be waived when D0140, D0145, D0170, D0171, D0191, D9310, D9992 are submitted with teledentistry codes?

UnitedHealthcare Dental will waive frequency limits for limited and problem-focused evaluations (D0140, D0145, D0170, D0171, D0191, D9310 and D9992) when submitted with teledentistry codes

(D9995, D9996) for dates of service prior to September 30, 2020. UnitedHealthcare Dental will continue to evaluate and update this guidance as appropriate.

Additionally, any benefit provided for limited and problem-focused evaluations (D0140, D0145, D0170, D0171, D0191, D9310, and D9992) will NOT count towards the patient's annual maximum benefit for dates of service prior to April 30, 2020.

6. Do I need to provide additional documentation with a Pretreatment Estimate (PTE) Claim?

No. You do not need to submit any additional documentation at this time with your PTEs and claims for D0140, D0145, D0170, D0171, D0191, D9310 and D9992 services billed with teledentistry codes (D9995, D9996).

Per your provider agreement with us, you are required to maintain adequate medical, financial and administrative records related to Covered Services in a manner consistent with the standards in the community and in accordance with all applicable Federal and state Laws. Upon request, you agree to provide us copies of such information and records.
